DESIGN

Neatural Beauty

In this series, where retro lines are reinterpreted and adapted to the present day, old spaces meet a very special product line that includes a new design language.

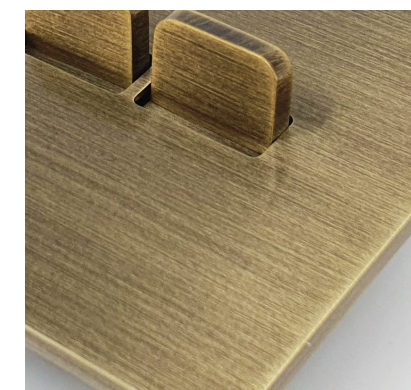

ATHENE
STYLON

luxus
DESIGN

Enique Design

It was designed to breathe life into different spaces with its unique lines that make a difference in its sector and bear no resemblance to any design before.

ATHENE RETRO

iluxus
DESIGN

Old Fashion

In this series, where retro lines are reinterpreted and adapted to the present day, old spaces meet a very special product line that includes a new design language.

ATHENE

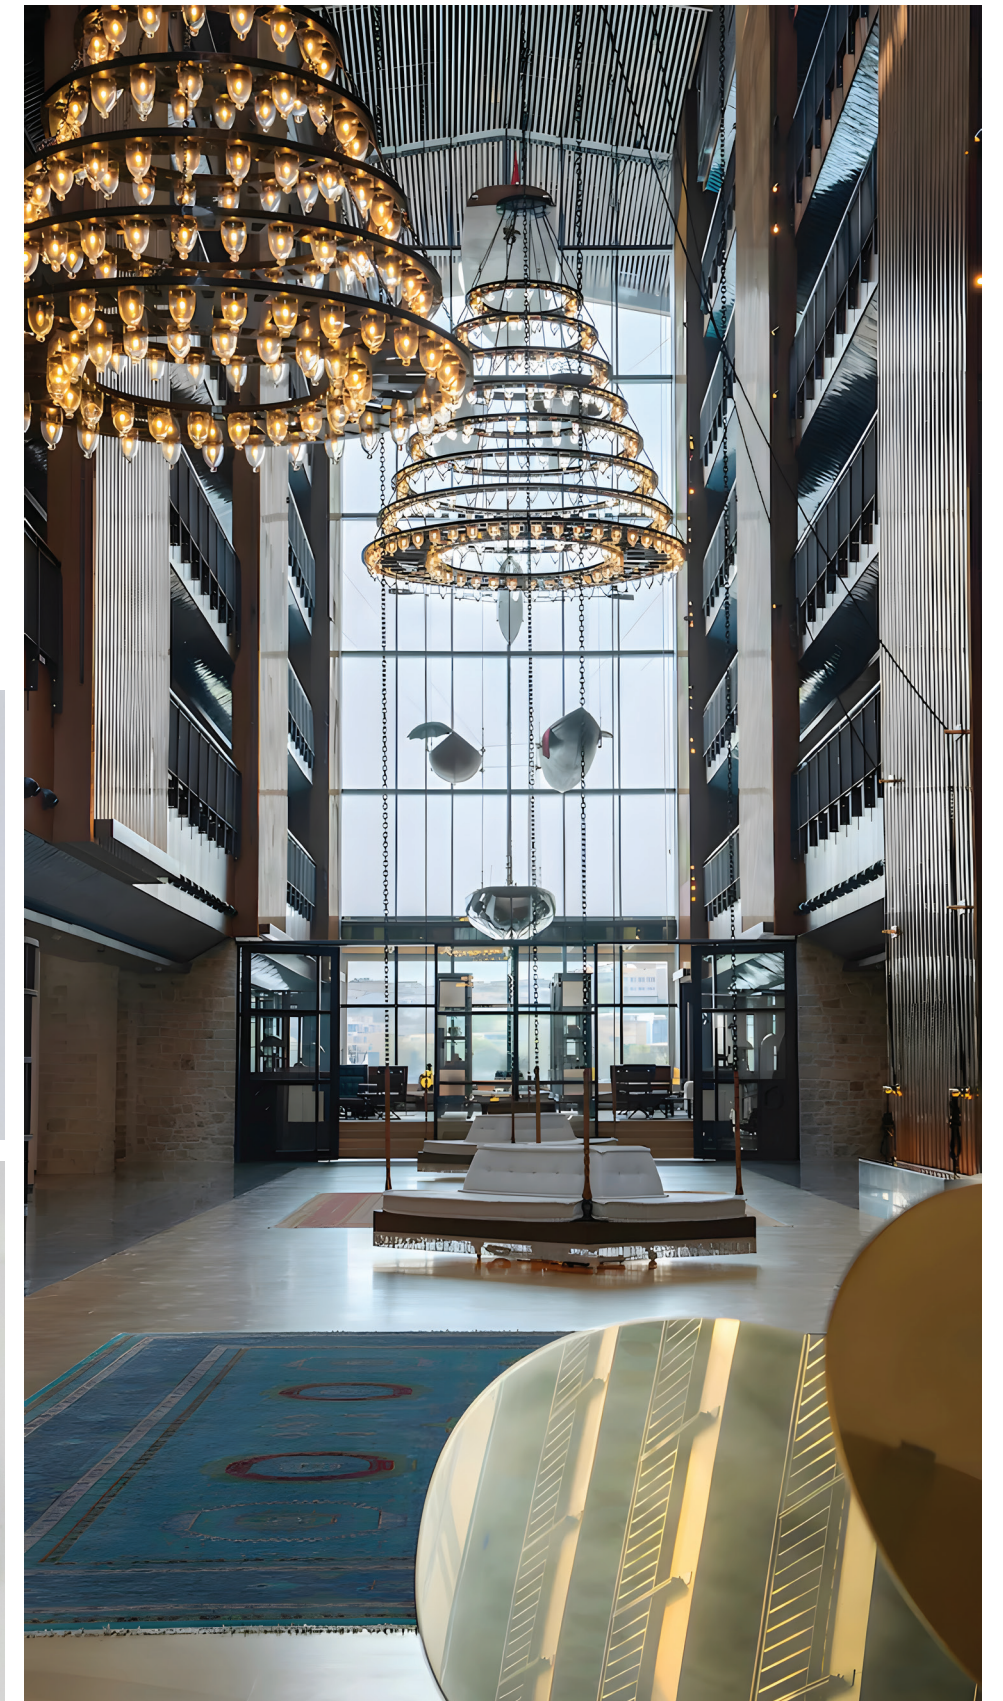

CIRCLE

luxus
DESIGN

78 mm Diameter Elegance

The circle series, which offers a design with the minimum possible dimensions with a diameter of 78 mm, adds aesthetic and privilege to spaces by integrating many functions into spaces in the most minimal way.

ATHENE MODULAR

More Function in Less Space

Utilizing the advantages of the modular system,
this series allows many functions to be positioned
and controlled in a very small area.
